

Social Media Competition

#PostalLasPalmeras

Terms and Conditions

Purpose of the competition

Camping Las Palmeras wishes to thank its loyal guests, who return year after year to spend their holidays in our facilities, by organising a competition with a prize of a 2-night stay in accommodation for up to 4 people, or a 4-night stay on a pitch. The prize cannot be exchanged for any other option.

The main aim is to offer a fun, light-hearted activity that encourages participation, interaction, and engagement among our guests and their friends.

To this end, Camping Las Palmeras is launching the #PostalLasPalmeras Photo Competition, to choose the camping photo of the season shared by our guests.

How to take part

To participate, guests must have a public profile on Instagram (at least until the winner is announced) or Facebook, follow the Facebook page or Instagram account @LasPalmerasCyB, and post one or more photos taken at the campsite as a story on Facebook or Instagram, using the hashtag #PostalLasPalmeras, between 4 and 20 November (midnight).

The winning photo will be the one that receives the highest number of likes (public vote). The winner will be announced on 21 November via Instagram and Facebook.

Participants' profiles must be public so that the images can be viewed.

By posting a photo with the above hashtag, the author accepts these terms and confirms that their image meets the competition requirements. They also consent to its use as the official photo of the season by Camping Las Palmeras, allowing it to be

published or shared through any of the campsite's media channels. The image will become the property of the campsite.

Image requirements

Participants must be guests of Camping Las Palmeras. Photos must be taken within the campsite or in the surrounding area (Playa Llarga and the Marquesa Forest) and include the hashtag #PostalLasPalmeras.

Participants must guarantee that their photos are original, unpublished, and their own work, and that they do not infringe upon the rights of any third party.

Eligibility and conditions

Each image must be published by an adult representing their household or group. Individuals involved in organising the competition are not eligible to participate.

Submitted photos must not infringe any intellectual property rights, nor violate the right to privacy, honour, or any other personal or legal rights of others.

Participants are responsible for obtaining all necessary image rights and permissions from any people appearing in their photos, thus fully releasing Camping Las Palmeras from any liability. Failure to comply with these terms may result in disqualification, and the campsite reserves the right to take legal action where appropriate.

Participants must keep the original high-resolution file of their image, as the organisers may request it.

Dates

Photos may be published in stories between 4 and 20 November (midnight). Images taken or shared prior to the publication of these rules (including from previous years) will be accepted, provided they are reposted during the competition period and meet all the participation requirements.

Entries submitted after 20 November will not be considered.

The winner will be announced on 21 November via Instagram and Facebook.

Prize

- A 2-night stay in accommodation for up to 4 people, or a 4-night stay on a pitch.

There will be one winning household, who will receive the prize as stated above. Dates for the stay will be agreed upon with the winner for the 2026 season. The prize is non-exchangeable and non-transferable.

No further compensation will be provided for the use of the winning images by Camping Las Palmeras.

If the winning household declines the prize, fails to contact the organisers within 72 hours of the announcement, or does not provide the original image file, the prize will be awarded to the next eligible photo in the ranking.
